

## CE5BC Genesis Tank - User Guide

**CAUTION:** DO NOT use the tank if the liquid is overfilled or liquid enters the airtube accidentally.

If this occurs, drain all liquid from the tank, turn tank over and sit on kitchen paper. Leave to drain for 2 hours, then fill tank correctly.

### Mouthpiece.

The mouthpiece is a sealed unit and cannot be removed.

### Tank.

The tank can be washed in clean warm water.

### Tank Base (2).

### Coil (1).

Never wash the coil.

To fill the Tank, remove Coil (1) from Tank Base (2) by turning anti-clockwise. Turn Tank over and fill from the Tank Base (2). DO NOT overfill the tank or allow liquid to enter the Internal Plastic Air Tube (3). Only fill tank to maximum per the scale on the side of the Tank.

When completed, replace coil in bottom of tank by turning clockwise.

Ensure the Coil (1) is fully tightened.

Spare & replacement tanks can be purchased from our website:
